pininfarina

collection

Un'attenta produzione sartoriale garantisce quella cura dei dettagli che da sempre rende inconfondibile il design italiano, superando il confine tra arte e artigianato. La collezione è realizzata con pelli bovine di prima scelta, limitando il più possibile trattamenti artificiali sulla superficie, questo permette di ottenere una mano morbida ed un aspetto molto naturale e piacevole. Raffinata nappa italiana, liscia o stampata carbonio, pregiato tessuto in vero legno reso morbido e flessibile (Nuo®), preziose impunture cucite a mano una ad una, rendono ogni elemento della linea FOLIO unico e inconfondibile. L'eleganza sposa la funzionalità, il comfort incontra la versatilità.

A highly skilled tailoring finishing ensures that care for details typical of the products designed in Italy, crossing the line between art and craftsmanship. This collection is made with top quality bovine skins, limiting artificial surface treatments as much as possible, this allows to obtain a soft hand and a very natural and pleasant appearance. Refined Italian nappa leather, plain or carbon printed, precious genuine wood fabric processed to achieve a soft and flexible texture (Nuo®) and precious hand-made stitches make every FOLIO line item, unique and unmistakable. FOLIO, created by Pininfarina, is the perfect expression of Italian design. Elegance merges with functional features and comfort meets versatility. This is what we call "Well Made in Italy".
