low impact gifts

2023
Collection

Changing the way we give

Welcome

We would like to inspire you with another beautiful gift collection.

At the same time we would like to challenge you to consider the CO_2 footprint of your next gift. In this catalogue you will find the CO_2 footprint of nearly all items to enable you to make a conscious choice.

Please check out our new range of Iqoniq textiles and our Avira drinkware range. Both collections are made from recycled materials to make a lower impact on the environment.

Our planet requires our industry to change to make a lower impact, change with us!

table of contents

Our SDG's	**4.**
Our CO_2 footprint	**6.**

Audio **296.**

Tools & Torches **340.**

Home & Living **364.**

Sustainable Development Goals

The UN Sustainable Development Goals are part of our ESG strategy to create a positive impact, together with you! We recognise SDG 12 and SDG 13 as key to our business, it is here that we can make an impact on both Environmental and Social topics. All our major projects and activities will contribute in a positive way to these goals. Supportive to these key goals are SDG 8, SDG 9 and SDG 15. By engaging our own employees, by investing in innovation and by supporting the improvement of habitats around the world we strive to increase our impact even further.

CO_2 footprint per product

Consider the carbon footprint of your gifts

Life Cycle Assessment (LCA) of a product is a method to calculate the CO_2 impact of a product during its whole life cycle, Cradle to Grave, based on 5 phases.

Make your choice not only on price and design, but also on CO_2 footprint. Visible in this catalogue!

The 5 phases of the Life Cycle Assessment

1. Extraction of materials and transformation

2. Packaging of products

3. Transportation of products to the warehouse

4. Energy use of the product when in use

5. Disposal or recycling of product and packaging

Gift boxes for any occasion or celebration

Create your own gift box. Choose from hundreds of amazing gifts to create a gift box unique to you. Start building.

Additional service

You have created the perfect giftbox, but you want to add something extra in there which is not in our standard collection, like some chocolate or your own brochure. No problem, we can add this to your giftbox if you supply these goods to our printing facility. This will make your giftbox even more personal.

Contact us for the do's and dont's.

Example of how you can create your gift set:

1. Design a sleeve for the packaging of your gift
2. Add a suitable print
3. Add a card in sizes A4, A5 or A6

③

The big business of reselling clothing has changed.
Looking good is no longer good enough.
Clothing has to feel good, not just by the touch.

Nobody wants to feel guilty wearing something that harms the planet.
Nobody likes to flaunt around in environmental pollution.

That changes today.
With clothing passports and physical tracers you can see exactly what your clothing is made of. Nice!

Let's introduce you to our new clothing brand Iqoniq.
- 100% cotton. (50% recycled & 50% organic)
- Footprint transparency and digital passport.
- With physical AWARE™ tracer.

Wear what you can believe in.

iqoniq
low impact clothing

All 100% cotton
(50% recycled, 50% organic)
no polyester and soft to the skin

Hangtags with footprint
and digital passport

Tear off washing label with
Aware™ digital passport

All unisex & non seasonal

No neck brand label for easy
rebranding

Low impact
print- and embroidery techniques

iqoniq × AWARE

Maximizing transparency to minimize our collective impact. Aware™ is the world's first hybrid traceability technology delivering an indisputable way to track and validate textile impact from origin to consumer. We usher in an era of game-changing transparency that empowers the entire supply chain to make a difference. Together, we can accelerate our journey to circularity.

Global Recycled Standard

The recycled cotton is certified to the Global Recycled Standard.
Certified by Control Union 116221

water.org

For each product sold we will donate 2% of proceeds to
support Water.org to change lives with safe water.

REPURPOSE PACKAGING DESIGN

LOW IMPACT ENGRAVING/PRINT

Avira respects our environment.

We can start building a better future together using traceable and genuine recycled materials. Let's reduce the impact of disposables on our planet and start choosing low-impact reusable products. Each recycled Avira product donates 2% to Water.org and is delivered into an FSC® certified box which you can repurpose into a phone or plant holder!

WWW.AVIRA-REUSABLES.COM

water.org®

For each product sold we will donate 2% of proceeds to support Water.org to change lives with safe water.

Made with RCS (Recycled Claim Standard) certified recycled materials. RCS certification ensures a completely certified supply chain of the recycled materials.

Global Recycle Standard (GRS)

The Global Recycled Standard (GRS) is a voluntary product standard for tracking and verifying the content of recycled materials in a final product.

The standard applies to the full supply chain and addresses traceability, environmental principles, social requirements, chemical content and labelling.

Recycled Claim Standard (RCS)

The Recycled Claim Standard (RCS) is used as a chain of custody standard to track recycled raw materials through the supply chain.

The GRS/RCS logo ensures the materials used in the product are genuinely recycled.

Our company is certified by Control Union, CU 1162221

Forest Stewardship Council® (FSC®)

FSC® forest management certification confirms that the forest is being managed in a way that preserves biological diversity and benefits the lives of local people and workers, while ensuring it sustains economic viability. FSC® certified forests have earned their reputation for environmental credibility, protection, healthy forestry, social engagement and the prevention of illegal forestation.

That's why we use FSC® certified wood and bamboo.

Creating memories

Offering design that creates memories for life is what drives us. We're sure there are objects in your life that still awake strong feelings in you. The backpack you had on your favourite trip or the cast iron pan your family always made pancakes in. Our vision is to recreate these memories for you and generations to come by offering our customers Scandinavian design for home and leisure activities.
